Despite a much milder spell Frogmore seemed to be out of sorts. Those who fished the midweek match ahead found it hard , with the water appearing much clearer and reports from later in the week suggested it had got worse.

A number of quality anglers failed to weigh in showing how hard today's match was. Flyer peg 11 again produced the goods , this time for Colin Rennison with 18lb 4oz. Alan Thomas was a distant second from peg 19. Taking third place was Mark Gloster from peg 29 with a carp and bits for 7lb 13oz.

Next match sees as making a popular return to Puddledock Farm's Road Lake so we should have lots of action from silvers and maybe a bit more widespread activity from the carp.
